

# Mosaico

La collezione di mosaici presenta una selezione di mini mattonelle in cotto in formati molto piccoli, fino ad arrivare al 1×1 cm.

Le varianti colore sono quelle della materia prima, della terra e quindi i toni del rosato e dei grigi. Questa collezione mantiene tutti i caratteri di questo materiale al naturale: come l'estrema qualità tattile e la definizione irregolare

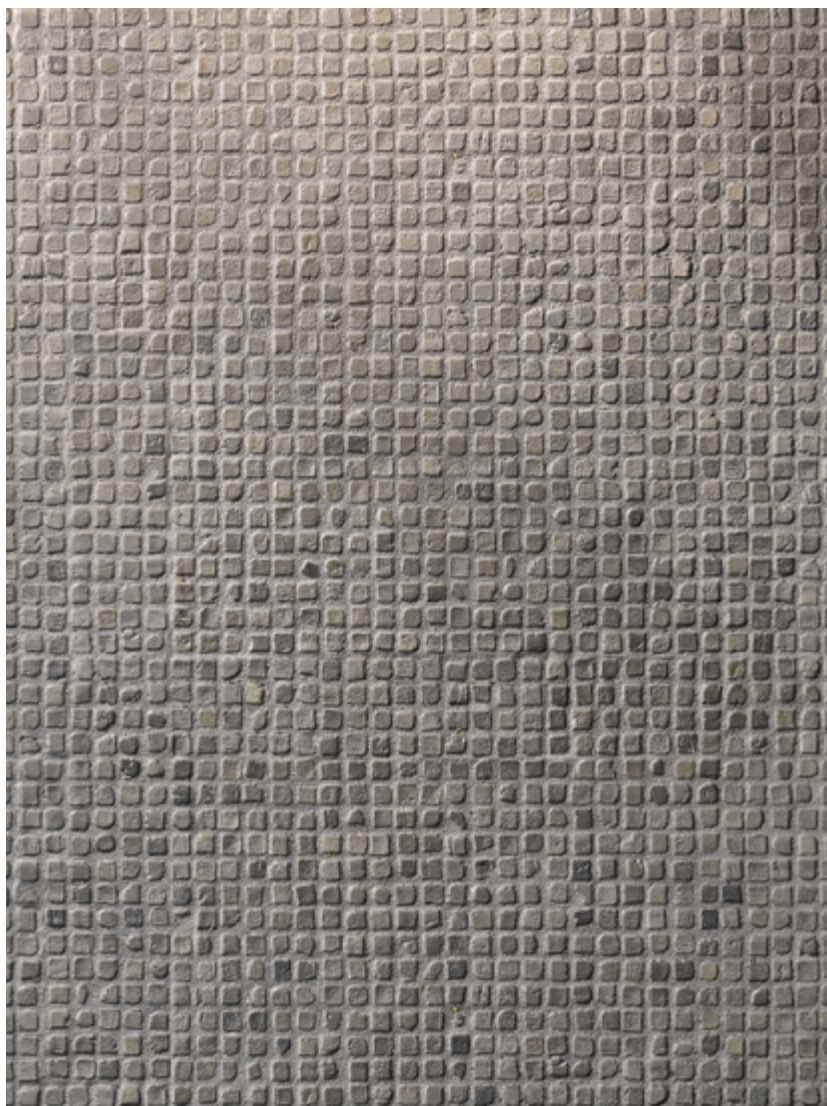

del taglio. Le texture sono semplici ma l'estrema matericità della materia prima crea superfici vibranti, versatili e cariche di memorie.

The collection of mosaics includes a selection of mini-tiles in cotto, measuring as little as 1×1 cm.

The colours available are those of the raw materials, in earthy colours, consequently in reddish and grey shades. This collection maintains all the characteristics of this material as in nature, such as the extremely high tactile

quality and the irregularly shaped edges. The textures are simple while the rich material properties create surfaces that are vibrant, versatile and full of memories.
